COMPETITION 1000

The Prize Giving was held after "Tuesday Bowls" on 5 March 2013 at 4pm. In the end it was such a lovely competition! Thanks to all those who participated. Good spirits all round, good sportsmanship and good bowling galore!

Almal is dit eens dat ROLBAL die wenner was aangesien almal se spelpeil verbeter het. Die kompetisie sal herhaal word en maak seker jy neem volgende keer ook deel. Dankie Pieter Griessel vir jou goeie idee en inspirasie en dankie aan almal wat op een of ander manier by die reëlings betrokke was.

Competition is great. And as long as it's friendly and not a malicious thing, then I think it's cool.

Janet Jackson

I think exercise tests us in so many ways, our skills, our hearts, our ability to bounce back after setbacks. This is the inner beauty of sports and competition, and it can serve us all well as adult athletes.

Peggy Fleming

I'm not in competition with anybody but myself. My goal is to beat my last performance.

TIPS FROM THE EXPERTS

- Every person from lead to skip is of equal importance. No matter how good the skip might be, he/she is dependent on the abilities of his/her other teammates.
- Consistency is impossible without a smooth delivery.
- The fingers should be even spaced with the middle finger on the center of the bowl.
- As the lead goes, so the game goes, is very often true. So remember, the lead's job is to consistently "draw", that is attempt to deliver a bowl as close to the jack as possible. Always attempt to be "up" or beyond the jack. One on the jack and a couple to the back (about 18 inches) is ideal.
- One in the back is worth ten in the way.
- Too many players look at the jack, rather than a definite point of aim. Look and aim at the line along which you want the bowl to travel.
- A lead should play up and down on the same side of the green as much as possible as very few greens have the same pace on both sides. By playing backhand one way and forehand the other, the lead is able to keep a more consistent length than, say, playing backhand both ways and thus using two sides of the green.

BSA - Rolbal Etiket

9.4 Terwyl spelers nie besig is om te speel of spel te beheer nie, moet hulle of 2m agter die kop of 1m agter die mat staan. Hulle moet seker maak dat hul skaduwee nie oor die witte of oor die afleweringsslyn van 'n speler val nie. Wanneer dit 'n lang skof is of die witte in die sloot beland, staan op die wal.

BSA - Etiquette of Bowls

12. Gamesmanship is considered as unsportsmanlike conduct. Using unsporting terms or making unsporting comments that could upset an opponent, talking in a loud voice to a spectator when an opponent is in the act of playing, moving in the head, or doing anything intended to distract a player in an attempt to destroy their concentration, are examples of poor etiquette. Gamesmanship conflicts with the spirit of the game and is unacceptable.

Club members wish to extend their sincere condolences to Colleen du Toit and family for the loss of her son. May your heart and soul find peace and comfort. May the blessings of love be upon you. May its peace abide with you. May its essence illuminate your heart, now and forever more.
